## P R O F I L E

I am an experienced Front-End Developer with experience in designing websites, networking, and managing databases. I have strong technical skills as well as excellent interpersonal skills, which allow me to interact with a diverse set of clients. I am eager to be challenged so that I can grow and improve my web development skills. My life's greatest passion is using my technical knowledge to help other people and organizations.

## C O N T R I B U T I O N S

### ● VUE JS CHALLENGES

From July 5 to July 6 2022

Vue.js Challenges is a collection of vue.js questions. I fixed all the typographical errors that were present in the Vue.js Challenges' website thus enabling users to easily read, comprehend and solve the given questions.

### ● CATICON LIBRARY

From July 10 to August 26

Caticon is a free open source SVG library with over hundreds of icons that can be used without the need of an external library. My duty is to improve the User Interface and User Experience of the Caticon Library.

### ● Chakra CLI

From August 28 to September 3

I contributed to the development of Chakra CLI by adding support for Vue 3. Chakra CLI is a tool for scaffolding Chakra projects with your preferred Javascript frameworks. Vue, React and NextJs are among the Javascript frameworks supported by the tool.

### ● Tailwind CLI

From September 10 to September 15

I contributed to the development of Tailwind CLI by first fixing a bug and then adding support for Nuxt 3. Tailwind CLI is a tool for scaffolding TailwindCss projects with your preferred Javascript frameworks. Vue, React, Svelte, Astro, Solid, Preact, NextJs, and NuxtJs are among the Javascript frameworks supported by the tool.

### ● Chakra Kit

From October 18

Chakra Kit is a personal project that I am working on to help developers build accessible applications 10x faster using Chakra UI. Vue, React, NextJs, and NuxtJs are among the Javascript frameworks supported by the library.
